MEDIA STATEMENT – FALSE ALLEGATIONS AGAINST THE CENTRAL BANK OF LESOTHO

The public is informed that it has come to the attention of the Central Bank of Lesotho that false information is being circulated on some social media platforms that the Bank is a source of allegations that one Member of Parliament is implicated in the M6.1 billion that is allegedly unaccounted for as per the Auditor General's 2022 Report.

These allegations make reference to the Governor's delivery of the Report of the 97th Sitting of the Monetary Policy Committee on 27th September 2022. While the Governor urged the business community to charge fair prices when providing services to Government, so that the Government could use some of its financial resources for developmental purposes, his comments had nothing to do with the above-mentioned allegations.

The Bank remains committed to providing the Government and the people of Lesotho with accurate information that contributes to economic growth and the safety and stability of Lesotho's financial system. As such, the Bank will continue to serve the country with integrity, high level of professionalism, and will not be part of any spurious and misleading allegations.

For more information and inquiries, please contact the Bank at 58880647.

HO BOPHATLALATSI: LITABA TSA MAFOSISA KA BANKA E KHOLO EA LESOTHO (CBL)

Sechaba se tsebisoa hore ho fihlile tlhokomelong ea Banka e Kholo ea Lesotho mafosisa a ntseng a jaloa ka eona ka marang-rang a phetsetsano ea litaba (social media platforms).
